In the 1950s, Hollywood discovered the captivating beauty of the Coachella Valley. The Tamarisk Country Club, located in the heart of the Coachella Valley, was founded in 1954. A-list celebrities and pro golfers took notice, leaving their mark on the Club's early history. Over the years, the Club's legendary golf course has evolved with the times, and its membership has grown to include some of the most prominent names in the industry.

Our founding members include Hollywood elite such as Jack Benny, George Burns, Groucho, Harpo, Zeppo Marx, and many others. Tamarisk has played host to many political figures including Presidents Dwight D. Eisenhower, Harry Truman, John F. Kennedy, and Gerald Ford.

Tamarisk was the original club in the area to host the PGA Classic, recognized as the most popular celebrity golf tournament in the Coachella Valley. We are very proud of our rich history and the legacy that has been built during those early years.

One of the most unique and alluring aspects of Tamarisk Country Club is the friendliness and camaraderie of our membership. With countless social events, gatherings, committees and volunteer opportunities, there is something for everyone to enjoy at the club. We offer a number of social events throughout the season, from card play and member luncheons to club events and group bus trips offsite to music venues, theatre venues, art museums, culinary tours, and gatherings at fun and unique local sites. Members regularly connect at fun social parties and movie nights, and fabulous meals – prepared by one of the best chefs in the Coachella Valley. At Tamarisk, it's all about getting together, making friends and building lasting memories.

# the american jazz institute

From its humble beginnings in New Orleans at the turn of the century, jazz evolved into one of America's enduring world contributions, a 'universal language' understood by all.

Continuing in this spirit, The American Jazz Institute (AJI) seeks to preserve this national treasure as well as expand upon it by spotlighting America's great jazz composers, arrangers and musicians — both firmly established and newly discovered, from traditional to avant garde.

The American Jazz Institute is a non-profit organization dedicated to the enrichment and enhancement of the appreciation of jazz music.

AJI seeks to:

- advance and promote jazz music throughout the world
- maintain a repertory orchestra to play new and archival jazz music
- educate and expose the public to jazz by live performances and panel discussions
- physically house, archive and preserve jazz music: compositions, scores, arrangements, recordings, artwork, photographs, film and other jazz works
- seek and attract donations of jazz works with an emphasis on original compositions, scores, arrangements, and recordings
- make jazz works available for research study and education
- support charitable endeavors that promote and advance jazz music

## RECORDING PROJECTS

**AMERICAN JAZZ INSTITUTE RECORDING PROJECTS**  
Produced and arranged by AJI President Mark Masters

*Porgy and Bess...Redefined!* (Capri 74069)

"This CD should be considered one of the landmark interpretations of *Porgy and Bess*."  
Ken Dryden, *ALL MUSIC GUIDE*

"*Porgy and Bess...Redefined!*" emerges fresh and alive... Masters' latest project honors this timeless jazz opera and its composer through musical excellence and a strikingly creative spirit."  
Jim Santella, *ALL ABOUT JAZZ*

*The Clifford Brown Projects* (Capri 74059)

"The band swings furiously in its own right, but what lingers is the inimitable, song-like quality of these classic trumpet solos, breaking out of unison into opulent four-part harmony at just the right moments."  
David Alber, *JAZZ TIMES*

*One Day with Lee* (Capri 74064) with Lee Konitz

"Masters has recorded a number of fine tribute recordings..."

*Perfect Circularity* (AJI 77001) with Putter Smith and Gary Foster

"What radiates most clearly from "*Perfect Circularity*", apart from the individual excellence and extraordinary responsiveness that the musical partners display, is the youthful vigor and explorative nature that these veteran players practically flaunt."  
Steve Futterman, *JAZZ TIMES*

*Exploration* (Capri 74068) with Grachan Moncur III

"This disc is a wondrous meeting of utterly talented kindred spirits accepting their creative challenge to reach their audience with a profound sense of artistic virility."  
George Carroll, *THE MUSICIAN'S OMBUDSMAN*

*Wish Me Well* (Capri 74078)

"*Wish Me Well*" is one of those rare tribute CDs that successfully captures the essence of its subject and functions as a definitive statement by the musicians who created it. This is a "must have" disc, and a superb work of art from one of America's finest ensembles."  
David Wayne, *JAZZ REVIEW*

## WHO WE ARE AND WHY WE ARE

Crazy Riding's founder, Russ Holmberg, came from a small northern town in Columbia, where he was raised by two wonderful parents. They knew his dreams and aspirations, so they supported him in his quest to travel the world in search of his purpose in life. From Russia through Europe to Africa and back, Russ explored the world, finally finding his purpose in Hawaii, while attending school in Oahu.

There he had the opportunity to learn about a business that was all about helping friends — a business that really made a difference in helping to make the future the focus of the future. And that's how Crazy Riding was born.

Crazy Riding is the feeling you get when competing — or just having fun — in the sport you love. It's the feeling that you can just Ride with it. Where you change from the everyday person most people know — to the person you dream of becoming: fearless. Where the 20 foot jump just doesn't seem anymore. Where a back flip is the only thing that will get you through the weekend is seven days a week, not two.

With this feeling — and this philosophy — Russ' vision is to build a business that can really help to make the dreams of young athletes come true. Crazy Riding makes sure that 10% of all profits go back into the communities for young athletes.

## OUR PRODUCTS AND PRICING

Our product line consists of T-shirts, Hooded Pullovers, Flex Fit Ball Caps, and Toques or Beanies, and we plan to keep it growing with new and exciting products every year.

Crazy Riding also makes sure that 10% of all profits go back into the communities for young athletes.

Feedback, suggestions, and sales — so we know what sizes are meeting the demand.

Throughout North America. We sell our line of apparel at Countrywide Sports, Nanaimo, and Rush Apparel in Burns. We are looking for distributors and retailers to our list, so please write shop!

They are always today, just ready and waiting.
